CAFO Siting Team Implementing Updated Score Sheet

BOISE — The Idaho State Department of Agriculture (ISDA) will be implementing an updated score sheet to be used for evaluating and determining a water-quality risk rating for proposed or expanding confined animal feeding operations (CAFO) within the State of Idaho. ISDA is the lead agency for the CAFO Site Advisory Team, which consists of representatives from the Idaho Department of Environmental Quality and Idaho Department of Water Resources.

The new score sheet will be discussed at a public meeting, which county representatives, industry and the general public are invited to attend. The meeting is scheduled for:

Date: Thursday, December 11, 2008
Time: 10 a.m. to noon
Place: Jerome County Courthouse District Courtroom
300 North Lincoln, Room 306
Jerome, Idaho

The new CAFO Siting Team score sheet and mitigation list are available at the following link:

<http://www.agri.idaho.gov/Categories/Environment/cafoSiting/public-comment-attachments.php>

The existing CAFO siting process documents, proposed CAFO siting process documents, and supporting materials are available for review at the ISDA office, 2270 Old Penitentiary Road, Boise Idaho, 83712.
